Beginning May 1, Best Buy locations across the U.S. will begin offering consumers an exclusive new appliance line, ***Inglis by Whirlpool Corporation***. The line, available in the U.S. only through Best Buy, will feature washers and dryers, ranges, top mount and side-by-side refrigerators, and dishwashers.

"With the launch of the new ***Inglis by Whirlpool Corporation*** line, Best Buy now will offer a complete value line of laundry and kitchen appliances," said John Alexander, vice president, Whirlpool and Value brands. "Additionally, this partnership allows Whirlpool Corporation to reach an even broader customer base by providing us with the opportunity to offer compelling consumer values at key price points."

According to Alexander, the ***Inglis by Whirlpool Corporation*** line offers basic durability and functional attributes. "These are hard-working appliances that promise to get the job done while providing the consumer with superior value and quality."

In addition to the ***Inglis by Whirlpool Corporation*** line, Best Buy will continue to offer a wide selection of Whirlpool brand appliances for those consumers who want to step-up to more advanced performance, innovative features, benefits and styling.

Warranty servicing and processing of warranty claims for ***Inglis by Whirlpool Corporation*** product is the same as Whirlpool brand product. Any questions should be directed to your Field Service Representative
